EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Douglas Mueller.

The application has been amended as follows:

Claim 1, line 6, the phrase "first composition" has been amended to "core composition".

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The closest prior art, Lundberg, does not teach the core comprising an enteric coating layer comprising an enteric polymer and a sustained release polymer; and a coating layer of mannitol outside the enteric coating layer. The Declaration filed 10/30/07 shows that these coating layers provide an increased hardness of the obtained oral tablets, improved friability of the tablets while maintaining rapid oral disintegrability.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 1, 3, 7, 9, 11-19, 21-24, 29, 31, 50, 51 and 54 are allowed.
